<p>In <300 words summarise how you propose to engage with and represent the community and the 5049 Coastal Community Association to address our local priorities, should you be elected.</p>	<p>I have enjoyed reaching out to local groups since nominating for council. I think engaging with the residents and finding out what people’s views are is really important. Participating in local functions is a key factor, going to meetings, joining in with social activities. People have busy lives and communication needs to be convenient. I think the Your Say surveys are really helpful, social media has its place, I have a fb page which people can send messages too, and email communication is very easy. There is nothing wrong with picking up the phone or meeting for a coffee either!</p>
